

S.P.Securiton Alarm Systems Ltd

CCTV, Access Control, Intrusion, Fire,
Integrated Solutions & 24/7 Alarm Receiving Center

Invitation

Invitation to the first annual S. P. Securiton Alarm Systems Ltd Dealer Day
in association with Honeywell

EQUIP yourself for the future. IP is the technology of the future with tremendous potential for growth. Are YOU ready to take advantage of this opportunity?

4th June 2010

On the 4th June 2010, at the Hilton Hotel Nicosia, S. P. Securiton Alarm Systems Ltd is hosting an IP event together with Honeywell to share with you the keys to unlocking the potential of IP video and access technologies. Take the opportunity to see our full IP video and access security portfolio, hear about our training and support programmes and learn how to profit from partnering with Honeywell on these exciting new technologies.

Featuring

EQUIP® IP Cameras

- Including IP-ready PTZ, mini-dome, box, megapixel and **NEW High Definition** mini dome cameras all supported by Milestone XProtect™

New HD offering

S.P.Securiton Alarm Systems Ltd

CCTV, Access Control, Intrusion, Fire,
Integrated Solutions & 24/7 Alarm Receiving Center

ACUIX™ IP PTZ Domes

- The crowning model in the EQUIP series featuring 18X, 26X and 35X cameras and multiple housings all supported by Milestone XProtect™

Fusion IV NVR and Hybrid DVR

- The most powerful Fusion yet is the ideal platform to pull together all your IP and analogue cameras into one common viewing and storage platform. Or choose the Fusion NVR for a pure IP solution
- Add on intelligent video analytics for a more impactful and proactive video surveillance solution
- Add on access control/intruder integration for a comprehensive security solution

NetXS™ Web Based Access Control

- NetAXS™ gives you all the benefits of traditional access control without additional hardware or installation costs as you can manage it via a web browser where ever you may be.

IP and Megapixel Cameras
